

CANADIAN AYRSHIRE REVIEW

CATCRAIG PANSY II

JANUARY - - 1928

Burnside Accredited Ayrshires

Our 1928 importation will be selected in Scotland during the month of February by the senior member of our firm. It will consist of young bulls and females combining the best of breeding and individuality that can be obtained. The size of this importation will be governed by the amount of orders received. Let us have your order for one or a dozen.

A life-time experience in breeding and selecting Ayrshires at your service.

"OUR REPUTATION IS YOUR GUARANTEE."

OFFERING OUR SENIOR HERD SIRE

CAIRNCROFT JOCK -90242- A. R. 103, Class. A.

In Cairncroft Jock we consider we are offering one of the outstanding Ayrshire sires in Ontario. He is of a good size and dairy conformation. The sire of his dam was very closely related to the World's Champion Garclaugh May Mischief.

His show ring winnings have been as follows:—in 1924, as a junior calf, 2nd. at C. N. E.; 1st. and junior champion at London; 1st. at the Royal.

In 1925—first as a junior yearling all through the western Show Circuit, grand champion at Saskatoon. At the C. N. E. and London he was again first in his class.

In 1926—2nd. in the 2 year old class at the C. N. E.

In 1927—he won championships over our entire local circuit, winning over the (imp.) Rowallan Pell Mell bull.

Jock is exceptionally quiet.

Also two young bulls ready for service.

The quality is good and our prices are right.

Herd Accredited.

1,000 AYRSHIRE BREEDERS SEE CARNELL ACHIEVEMENT

Famous Herd On Show

MORE than ten thousand breeders visited the show at Carnell, Pa., during the week of Sept. 22-28, 1902, to see the famous herd of the Carnell family, which has won the highest honors in the world for its quality and quantity.

Mr. Robert Carnell, extreme left, showing some of his cows with numerous spectators.

The Carnell herd, which is the largest and best of its kind in the world, was shown at Carnell, Pa., during the week of Sept. 22-28, 1902. The herd is owned by Mr. Robert Carnell, of Carnell, Pa., and is the result of his long and successful breeding of the breed.

The Carnell herd is the largest and best of its kind in the world, and is the result of Mr. Carnell's long and successful breeding of the breed. The herd is shown at Carnell, Pa., during the week of Sept. 22-28, 1902.

A. Carnell's work in the breeding of the Carnell herd is a fine example of the art of selective breeding. He has succeeded in producing a herd of cows that are not only large and healthy, but also of high quality and quantity.

The Carnell herd is a fine example of the art of selective breeding, and is the result of Mr. Carnell's long and successful breeding of the breed. The herd is shown at Carnell, Pa., during the week of Sept. 22-28, 1902.
